PORTFOLIO

[Visti Portfolio Website](#)

ABOUT ME

Proficient Front End Developer effective at developing fast loading and responsive websites that achieve customer and business objectives. Familiar with working alongside a team to determine needs, create plans and optimize design, usability and performance. Well-versed in using Javascript and React as well as other resources to accomplish design requirements.

Prepared to offer my development experience built upon my 2 years of hard work to a growing company while I am also eager to learn and improve on my skills along the way.

EXPERIENCE

- Feb 2021 - Apr 2021
Upwork.com
FREELANCE FRONTEND DEVELOPER
 - I improved the performance and design of a clients portfolio website which was bootstrapped with Next.js.
- January 2022 - Present
GitHub.com
FRONTEND OPEN SOURCE CONTRIBUTOR
 - I contributed open source projects including an e-commerce project by using React to implement a functioning suggestions search bar to search available items from the API. It enabled users to scale through the items they needed better.
- Feb 2022 - Apr 2022
BigTunez Entertainment Records
FRONTEND DEVELOPER
 - Developed a site for a client who is starting a blog/entertainment news and updates company.
