2015-2021
Bachelor Degree in Petroleum Engineering
University of Benin

SUMMARY

Proficient Front End Developer effective at developing strong fast loading and responsive websites that achieve customer and business objectives. Familiar with working alongside a team to determine needs, create plans and optimize design, usability and performance. Well-versed in using Javascript and React as well as other resources to accomplish design requirements.

Prepared to offer my development experience built upon my 2 years of hard work to a growing company while I am also eager to learn and improve on my skills along the way.
